

## Anodized Sandblast Silk-screen Brass CNC Parts Automotive Electronics Aerospace Components

Our Product Introduction

for more products please visit us on [cnc-metalmachining.com](http://cnc-metalmachining.com)

### Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: BS-CNC-073
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

### Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: Milling, Turning, Machining
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk-screen
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Color: As Per Customers' Requirement
- Keyword: CNC Milling Brass Parts
- Sample: Acceptable
- Highlight: **Automotive Brass CNC Parts,  
Aerospace Brass CNC Parts,  
Anodized Brass CNC Parts**

## Product Description

### What We Can Provide

Experienced Producer Competitive Brass CNC Parts Automotive Electronics Aerospace Components

#### Description of Experienced Producer Competitive Brass CNC Parts Automotive Electronics Aerospace Components

In the automotive industry, the producer creates brass CNC parts for various components such as electrical connectors, fluid handling systems, and decorative trim. These parts are crafted to precise specifications, ensuring that they meet the functional and performance requirements of automotive components.

Similarly, in the electronics industry, the producer's brass CNC parts are used in connectors, terminals, and other critical components. The producer's deep understanding of the material's properties and manufacturing techniques enables it to create parts that meet the rigorous demands of electronic devices and systems.

The aerospace industry, with its stringent safety and performance standards, demands the highest level of precision and reliability in all components. The producer's experience and expertise in creating brass CNC parts for aerospace applications, such as fasteners, fittings, and other assemblies, underscores its commitment to excellence in this field.

#### Specification of Experienced Producer Competitive Brass CNC Parts Automotive Electronics Aerospace Components

Business Type	CNC Machined Parts Factory / Manufacturer
Service	1. CNC Machining 2. Turning and Milling 3. CNC Turning 4. OEM Parts
Material	Aluminum: 5052, 6061, 6063, 6082, 7075-T etc 2. Steel: 4140, Q235, Q345B, etc. 3. Titanium: TA1, TA2/GR2, TA4/GR5, TC4, TC18, etc. 4. Stainless steel: 303, 304, 316L, etc. 5. Brass: C36000, C37700, C26800, C22000 etc 6. Plastic: Pom, ABS, Nylon, etc.
Main Equipment	CNC Machining center (Milling), CNC Lathe, Grinding machine
Treatment	Sandblasting, Anodize color, Blackening, Zinc/Nickel Plating, Polish, Passivation PVD, Titanium Plating, Electro galvanizing, electroplating chromium, electrophoresis, QPQ (Quench-Polish-Quench), Electro Polishing, Chrome Plating, Knurl, Power coating, Laser etch Logo,
Tolerance	$\pm 0.01\text{mm} \sim \pm 0.05\text{mm}$
Drawing format	STEP, STP, GIS, CAD, PDF, DWG, DXF etc or samples.

#### Application Of Experienced Producer Competitive Brass CNC Parts Automotive Electronics Aerospace Components

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical Equipments Mechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

#### Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control ( IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

### Why Choose Us

#### Advantages

##### 1. Expertise and Quality:

The producer's years of experience and deep understanding of brass CNC manufacturing ensure that all parts are crafted to the highest standards of quality and precision. This expertise allows the producer to cater to the specific needs of various industries, creating parts that meet or exceed the functional and performance requirements of automotive, electronics, and aerospace applications.

##### 2. Competitive Pricing:

By leveraging advanced manufacturing techniques and optimizing production processes, the producer is able to offer brass CNC parts at competitive prices. This allows customers to access high-quality parts without breaking the bank, making it a cost-efficient solution for businesses in these industries.

### 3. Reliability and Trustworthiness:

The producer's track record of timely delivery and uncompromising quality has earned it the trust and loyalty of customers across the globe. This reliability is crucial in industries such as aerospace, where safety and performance standards are stringent, and any delays or defects can have severe consequences. By choosing this producer, businesses can be assured of a dependable supply chain and high-quality parts that meet their needs and expectations.

## Factory Show

### Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

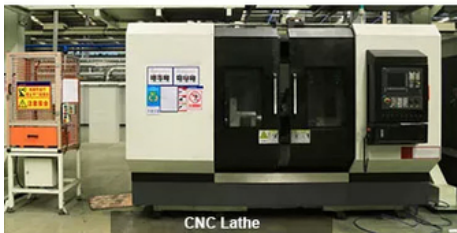

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

## FAQ

Q: How can I customize my products ?

A: Please describe your project. Include the following information so that we can provide an accurate quote: Part Name, 3D CAD Drawing, Quantity, Material, Color, Finishing.

Q: How can I know my products going on ?

A: We will offer a detailed production schedule and send weekly reports with digital pictures and videos which show the production process.

Q: Can You sign a confidentiality greement ?

A: We can sign a confidentiality agreement according to your needs.

Q: What is your terms of payment ?

A: 30% in advance ,70% balance before shipment. Other terms negotiable.

Q: Are you a trading company or factory?

A: We are direct factory with 20 experienced engineers and more than 80 employees as well approximate 3,000 square meters workshop area.

Q: What shall we do if we do not have drawings?

A: Please send your sample to our factory,then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions(Length, Height, Width), CAD or 3D file will be made for you if placed order.
