

## High Precision Customized CNC Turning Parts Manufacturer Specializing in Expertly Crafted Precision Components Supplier

### Our Product Introduction

#### Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Xianheng
- Certification: ISO9001:2015
- Model Number: TN-CNC-079
- Minimum Order Quantity: 1 pcs
- Price: USD \$0.1-\$1.99
- Packaging Details: Carton, As Customers' packaging requirements
- Delivery Time: Samples 7-10 days, Mass production 20-25 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 pcs per week

#### Product Specification

- Cnc Machining Or Not: CNC Machining
- Type: CNC Milling
- Material Capabilities: Copper, Aluminum, Bronze, Stainless Steel, Brass
- Surface Treatment: Anodized, Anodizing, Anodize/natural, Sandblast, Silk Screen
- Service: OEM/ODM, OEM ODM Metal Stamping, Customized OEM OEM ODM, OEM Service
- Tolerance: 0.01mm, 0.05 Mm, +/-0.005, 0.003-0.05mm
- Application: Machinery, Automotive, Laptop, Industrial Equipment, Engineering
- Color: As Per Customers' Requirement
- Highlight: Expertly Crafted CNC Turning Parts

## Product Description

### What We Can Provide

High Precision Customized CNC Turning Parts Manufacturer Specializing in Expertly Crafted Precision Components Supplier

#### Description of High Precision Customized CNC Turning Parts Manufacturer Specializing in Expertly Crafted Precision Components Supplier

A High Precision Customized CNC Turning Parts Manufacturer Specializing in Expertly Crafted Precision Components is a business that focuses on producing intricate and precise metal parts using advanced Computer Numerical Control (CNC) turning technology. This manufacturer has the expertise and experience to create customized precision components that meet the unique needs of a wide range of industries and applications.

#### Specification of High Precision Customized CNC Turning Parts Manufacturer Specializing in Expertly Crafted Precision Components Supplier

| CNC Capacity          |   |                           |                |                 |
|-----------------------|---|---------------------------|----------------|-----------------|
| CNC Machining Center  | 3 / 4 / 5 axis CNC Machining Centers  | 40+ CNC Machines          |                |                 |
| CNC Turning           | φ0.5 - φ300 * 750 mm  | DIN-2768-Fine +/-0.005 mm |                |                 |
| CNC Machining         | 1270×508×635 mm(max)  | DIN-2768-Fine +/-0.005 mm |                |                 |
| CNC Stamping          | 1000 * 1000 mm(max)   | DIN-2768-Fine +/-0.005 mm |                |                 |
| Drawing Format        | IGS,STP,X_T ,DXF,DWG , Pro/E, PDF   |                           |                |                 |
| Inspection Equipments | Measurement Instrument, Projector, CMM, Altimeter, Micrometer, Thread Gages, Calipers, Pin Gauge etc. |                           |                |                 |
| Material Available    |   |                           |                |                 |
| Stainless Steel       | SS201,SS301, SS303, SS304, SS316, SS416, 17-4PH, etc.   |                           |                |                 |
| Steel                 | Mild steel, Carbon Steel, 4140, 4340, Q235, Q345B, 20#, 45# etc.                                      |                           |                |                 |
| Brass                 | HPb63, HPb62, HPb61, HPb59, H59, H68, H80, H90 etc.   |                           |                |                 |
| Copper                | C11000,C12000,C12000 C36000 etc.  |                           |                |                 |
| Aluminum              | AL6061, AL6063, AL6082, AL7075, AL5052, A380 etc.   |                           |                |                 |
| Iron                  | A36, 45#, 1213, 12L14, 1215 etc.  |                           |                |                 |
| Plastic               | ABS, PC, PE, POM, Delrin, Nylon, Teflon, PP,PEI, Peek etc.  |                           |                |                 |
| Surface Finishing     |   |                           |                |                 |
| Aluminum Parts        | Stainless Steel Parts   | Steel Parts               | Copper /Brass  | Plastic Parts   |
| Clear Anodized        | Polishing   | Zinc plating              | Polishing      | Painting        |
| Color Anodized        | Passivating   | Oxide black               | Passivation    | Chrome plating  |
| Sandblast Anodized    | Sandblasting  | Nickel plating            | Galvanized     | polishing       |
| Chemical Film         | Laser engraving   | Chrome plating            | Nickel Plating | Sandblast       |
| Brushing              |   | Carburized                | Chrome plating | Laser engraving |
| Polishing             |   | Heat treatment            |                |                 |
| Chroming              |   | Powder Coated             |                |                 |

#### Quality Control

1. Checking the raw material after they reach our factory----- Incoming quality control ( IQC)
2. Checking the details before the production line operated
3. Have full inspection and routing inspection during mass production---In process quality control(IPQC)
4. Checking the goods after they are finished---- Final quality control(FQC)
5. Checking the goods after they are finished-----Outgoing quality control(OQC)

#### Application Of High Precision Customized CNC Turning Parts Manufacturer Specializing in Expertly Crafted Precision Components Supplier

1. Auto Components Hardware Parts Auto Parts
2. Communication Equipment
3. Industrial Equipment
4. Medical EquipmentsMechanical Parts
5. Ship Accessories
6. Electrical Equipment
7. Mechanical Equipment

## Why Choose Us

### Our advantages

#### 1. Customized Solutions:

The manufacturer offers customized precision components that cater to the specific requirements of each customer. Whether you need a specific design, material, or finish, the manufacturer's team of skilled engineers and technicians can provide a tailored solution that meets your exact needs.

#### 2. Precision and Accuracy:

With high-precision CNC turning technology, the manufacturer can produce components with tight tolerances and exceptional accuracy. This ensures that each part functions correctly and reliably in its intended application, enhancing overall performance.

#### 3. Quality Assurance:

The manufacturer prioritizes quality assurance throughout the production process. Rigorous testing and inspection procedures are employed to ensure that each component meets the highest standards of quality and reliability. This dedication to quality ensures that customers receive durable and reliable parts that perform consistently over time.

## Factory Show

### Factory Equipment

WEDM

Milling Machine

CNC Wire Cut

Coordinate measuring machine

CNC Bending Machine

Hydraulic Press Machine

SLS/SLA Machine

5-Axis CNC

CNC Lathe

Laser cutting Machine

CNC Punching Machine

Injection Molding machine

## FAQ

### Q1: Where can I get product & price information?

A1: Send us inquiry e-mail, we will contact you as we receive your mail.

### Q2: How long can I get the sample?

A2: Depends on your specific items, within 3-7 days is required generally.

### Q3: What kinds of information you need for quote?

A3: Kindly please provide the product drawing in PDF, and will be better you can provide in STEP or IGS.

### Q4: What are the payment terms?

A4: We accept 50% as payment deposit, when the goods is done, we take photos for your check and you then pay the balance.

### Q5: Are you a trading company or factory?

A5: We are direct factory with 10 experienced engineers and more than 650 employees as well approximate 2,000 square ft. workshop area.

### Q6: What shall we do if we do not have drawings?

A6: Please send your sample to our factory, then we can copy or provide you better solutions. Please send us pictures or drafts with dimensions (Length, Height, Width), CAD or 3D file will be made for you if placed order.
